

## End User License Agreement

This license agreement (the "Agreement") is entered into between you, as a private person or company (the "Licensee"), and Kensington Software Management Limited (Company Number 4526134) whose registered address is: 4-6 Canfield Place, London NW63BT, England (the "Licensor"). By installing or using any portion of BFO Publisher (the "Software") the Licensee agrees to be bound by the terms of this Agreement.

### 1. Definitions and Interpretations

In this Agreement, the following words and expressions will have the following meanings unless otherwise stated:

"Deployment Parameter" means means a definable unit of measurement provided agreed between the Licensee and the Licensor to determine the size and scale of the deployment using the Software. Depending on how the Software is deployed the unit of measurement used can be, but is not limited to physical servers, CPUs, nodes, pods, virtual machines, virtual CPUs, number of users, number of customers or files generated.

"Licensor's Website" means either <https://publisher.bfo.com> or <https://bfo.com>

"Non-commercial Purposes" means the production of documents (a) for which no fees are charged, and (b) which are not part of a monetary transaction system (such as, but not limited, to invoices and receipts), and (c) for which no other income (such as, but not limited to, subscription fees, income from advertising or sale of consumables) is generated.

"Non-production Environment" means the computers used to develop and maintain a product including the Software that are used exclusively by people involved in the development cycle of the product. Specifically this includes Development, Quality Assurance ("QA") or Test systems, and excludes "live" or production systems accessible to the end-users of the product, and systems whose primary purpose is disaster recovery.

### 2. License Grant

- 2.1 The Software is licensed under exactly one of the following license types. Licensee agrees to abide by the restrictions listed below.

#### Non-commercial License

Under this License, the Software may be downloaded and used by the Licensee for Non-commercial Purposes on a computer that is accessible by any number of users. Documents generated by the Software will include notices that identify the Software. Licensee will not change or remove these notices or assist or encourage third parties to remove or change such

##### 2.1.1 notices.

When the Non-commercial License is used to routinely generate documents, a prominent visible link to the Licensor's Website shall be displayed on all webpages from where the documents can be fetched. If documents are attached to email, or email is sent with a direct link to a URL that will fetch documents, the email shall contain a prominent link to the Licensor's Website in the message body.

##### 2.1.2 Trial License

Under this License the Software may be downloaded for free and used by the Licensee for a limited period for development and initial testing. The intention is to allow time to assess whether the Software is suitable for the Licensees intended purposes. Under this License, the Software MAY NOT be used outside of a Non-production environment. The Software will include notices that identify the Software. Licensee will not change or remove these notices or assist or encourage third parties to remove or change such notices.

#### Perpetual License

- 2.1.3 Under this License the Licensee is granted the non-transferable, non-exclusive and perpetual right to use the Software. The price for this License depends on the Deployment Parameter agreed with the Licensor. This License may be transferred between servers provided that the terms of the Deployment Parameter continue to be met.

#### Annual License

- 2.1.4 Under this License the Licensee is granted the non-transferable, non-exclusive right to use the Software. The price for this License is a fixed annual subscription fee and will depend on the Deployment Parameters agreed with the Licensor. This License may be transferred between servers provided that the terms of the Deployment Parameter continue to be met.

#### Non-Production License

- 2.2 In addition to the License grants defined in 2.1, an annual charge may apply for running the Software in a Non-production Environment. This charge will apply only while the Software is "live" - it specifically excludes the period when the product is under development and has not yet been released.

### 3. Copyright

- 3.1 Licensee acknowledge that no title to the intellectual property in any part of the Software is transferred to the Licensee. Licensee further acknowledge that title and full ownership rights to the Software will remain the exclusive property of the Licensor and its suppliers and Licensee will not acquire any rights to the Software except as expressly set out in this Agreement. Licensee agree that any copies of any part of the Software will contain the same proprietary notices which appear on and in the Software (as appropriate).

- 3.2 The Licensor warrants that all intellectual property rights in the Software either reside with itself or its suppliers and that the Licensor is entitled to enter into this Agreement and that use of the Software by Licensee is not in breach of any third party's intellectual property rights. The Licensor agrees to indemnify Licensee against all costs, claims and liabilities arising from breach of this warranty provided that Licensee immediately notify the Licensor about any alleged breach and render all reasonable assistance to the Licensor (at the cost of the Licensor) in defending any such claim.

- 3.3 Licensee agrees that this License does not include ownership of the source-code for the Software.

### 4. Restrictions

Licensee may not resell, transfer, rent or lease the Software. Licensee is not allowed to transfer the rights obtained under this Agreement to any third party unless previously agreed with the Licensor.

## **5. Support**

In the event of bugs being found in the Software over and above those known bugs and limitations listed in the accompanying documentation and not including enhancements to the documented functionality of the Software, the Licensor agrees to provide updates free of charge

5.1 which can be downloaded from the Licensor's Website and used with the same license key as the original version licensed by the Licensee. Although the Licensor will endeavour to keep the Software bug-free, they specifically exclude any warranty to that effect, and also specifically deny any time span either express or implied for the correction of any bugs found.

5.2 Technical support over and above the level described in the clause above is available by email only from the Licensor at an additional cost.

## **6. Reverse Engineering**

Licensee will not attempt to reverse compile, modify, translate, or disassemble the Software or any part of the Software (including anything that may from time to time be available in the Members' Area) in whole or in part (except as provided for by section 50B of the Copyright, Design and Patents Act 1998 (as amended)).

## **7. Limited Warranties and Exclusions of Liability**

7.3 disablement, which would damage or render any system using the Software inoperable. The Licensor further warrants that even in the event of the breach of this License by the Licensee, the Licensor will not impair the operation of the Software except pursuant to an order of court.

EXCEPT FOR THE LIMITED WARRANTIES SET OUT ABOVE, THE LICENSOR MAKES NO OTHER  
EXPRESS OR IMPLIED WARRANTIES TO THE EXTENT PERMITTED BY LAW AND SPECIFICALLY  
7.4 DISCLAIMS THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.  
IF SUCH DISCLAIMER IS NOT PERMITTED BY LAW, THE DURATION OF ANY SUCH IMPLIED  
WARRANTIES IS LIMITED TO [90] DAYS FROM THE DATE OF DELIVERY.

Any information and advice on the Licensor's Website is by its nature general and should not be  
7.5 relied on by the Licensee without obtaining independent advice and verification. The Licensor cannot therefore accept responsibility for any losses arising as a result of reliance placed on such information and advice.

EXCEPT FOR THE LICENSOR'S INDEMNIFICATION AND EACH PARTY'S CONFIDENTIALITY OBLIGATIONS HEREUNDER, IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY CONSEQUENTIAL, SPECIAL, PUNITIVE, INCIDENTAL OR INDIRECT DAMAGES OF ANY KIND ARISING OUT OF THE USE OF THE PRODUCT, EVEN IF THE LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL THE LICENSOR'S LIABILITY FOR ANY CLAIM, WHETHER IN CONTRACT, TORT OR ANY OTHER THEORY OF LIABILITY, EXCEED THE LICENSE FEE PAID BY YOU.

## **10. Confidentiality Obligations**

The obligations described in this paragraph shall survive termination of the Agreement.

### TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

#### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction,

and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications

represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of

this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed

with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer,

and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

#### **PREAMBLE**

The goals of the Open Font License (OFL) are to stimulate worldwide development of collaborative font projects, to support the font creation efforts of academic and linguistic communities, and to provide a free and open framework in which fonts may be shared and improved in partnership with others.

The OFL allows the licensed fonts to be used, studied, modified and redistributed freely as long as they are not sold by themselves. The fonts, including any derivative works, can be bundled, embedded, redistributed and/or sold with any software provided that any reserved names are not used by derivative works. The fonts and derivatives, however, cannot be released under any other type of license. Permission is hereby granted, free of charge, to any person obtaining a copy of the Font Software, to use, study, copy, merge, embed, modify, redistribute, and sell modified and unmodified copies of the Font Software, subject to the following conditions:

- 1) Neither the Font Software nor any of its individual components, in Original or Modified Versions, may be sold by itself.
- 2) Original or Modified Versions of the Font Software may be bundled, redistributed and/or sold with any software, provided that each copy contains the above copyright notice and this license. - 3) No Modified Version of the Font Software may use the Reserved Font Name(s) unless explicit written permission is granted by the corresponding Copyright Holder. This restriction only applies to the primary font name as presented to the users.

4) The name(s) of the Copyright Holder(s) or the Author(s) of the Font Software shall not be used to promote, endorse or advertise any Modified Version, except to acknowledge the contribution(s) of the Copyright Holder(s) and the Author(s) or with their explicit written permission.
