"User" means the employees or contractors of Licensee designated on the Order Form, or the Purchase Order, by Licensee and approved by BitRock prior to use.

2. GRANT OF RIGHTS.

2.1 InstallBuilder Software. Subject to the terms and conditions of this EULA, and subject to any applicable restrictions set forth on the Order Form, BitRock hereby grants to Licensee a perpetual, nonexclusive, nonsublicensable, nontransferable (except in accordance with Section 14) license to:

- (A) reproduce the Software solely for the purpose of installing the Software at the Location(s);
 - (B) use the Software solely at the Location(s) and solely for Licensee's internal operation and use;
 - (C) permit the number of Users specified on the Order Form or the Purchase Order, as the case may be, to install and use the Software to develop and manage applications that use the Software;
- and (D) deploy and use the applications pursuant to this Section 2.

Licensee may make one backup copy of the Software per Location, for archival or disaster recovery purposes.

The license granted herein is granted solely to the individual or entity set forth on the Order Form, and not, by implication or otherwise, to any parent, subsidiary or affiliate of such individual or entity.

All rights not expressly granted hereunder are reserved to BitRock.

Licensee may not copy, distribute, reproduce, use or allow access to the Software except as explicitly permitted under this Agreement. Licensee shall not modify, adapt, translate, prepare derivative works from, decompile, reverse engineer, disassemble or otherwise attempt to derive source code from the Software or any internal data files generated by the Software, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. Licensee shall not use the Software in a service bureau modality, or lease, rent or loan the Software or the use thereof to any third party. Licensee shall not remove, obscure, or alter BitRock's or its licensors copyright notices, trademarks, or other proprietary rights notices affixed to or contained within the Software. As between the parties, BitRock owns and shall retain all right, title, and interest in and to the Software, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein.

Licensee shall provide BitRock with access to Licensee's Location(s), at reasonable times and upon reasonable notice, to verify Licensee's compliance with the terms of this EULA.

The Software is licensed and not sold. Without limiting the foregoing, any terms and conditions on any Purchase Orders or similar materials submitted by Licensee to BitRock which are inconsistent with any of these terms and conditions shall be of no force or effect. For the avoidance of doubt, the automatic update tool that is included with all InstallBuilder Software downloads is considered a generated Installer Package for the purposes of this Agreement. All terms provided herein also apply to the aforementioned automatic update tool.

2.2 Installation Packages Generated with InstallBuilder Software.

Licensee is granted a royalty-free, world-wide, perpetual license to distribute installation packages generated by Licensee using a fully-paid, licensed copy of InstallBuilder, including, but not limited to: executable installation wizards, RPM packages and Debian packages. Licensee may sublicense this right to any partners, resellers or other third parties as it deems necessary. For the avoidance of doubt,

Licensee may not distribute installation packages generated by Licensee during the Evaluation Term as defined in Section 3.1. Only after receiving a valid license Key from BitRock may Licensee distribute generated installation packages.

Installation packages may be distributed by Licensee in conjunction with its own proprietary software applications.

3. TERM.

3.1 Evaluation Term. Licensee is granted a limited right to use the Software, in compliance with this EULA free of charge for a period of evaluation commencing upon the date on which Licensee downloads the Software from BitRock's website and lasting thirty (30) calendar days thereafter, unless extended in writing by BitRock (the "Trial Evaluation Period").

3.2 This EULA is effective upon the Effective Date or, in any event upon Licensee's installation of the Software and continues unless terminated by Section 9 below, although Updates and support will only be provided for a term commencing with the Effective Date and lasting one (1) year from such date.

Licensee's license may be renewed for support and upgrades to newer versions of the Software for 50% of the current retail license prices at the time of renewal.

If Licensee's license is not renewed within 30 days of the end of the current term, licensee waives all rights to any such renewal discount.

4. SOFTWARE ACTIVATION. Following the receipt by BitRock of the applicable Fees for the relevant license, BitRock will issue to Licensee a key to activate the Software for the license (a "Key").

Licensee will be responsible for installing the Key to activate the Software.

The Key shall be considered Confidential Information of BitRock, as that term is defined herein.

5. FEES AND PAYMENT.

5.1. Fees. In consideration for the rights granted hereunder, Licensee shall pay BitRock license fees in the amounts set forth on the Order Form, or the relevant Purchase Order, as the case may be, and will pay BitRock all license fees due for the Initial Period (as specified on the Order Form or Purchase Order) on or before the Effective Date specified on the Order Form or Purchase Order.

5.2. Terms of Payment. All payments are non-refundable (with an exception for any limited money-back guarantees that are specified in writing or on the BitRock website, www.bitrock.com, at the time of purchase of a license.) All fees quoted and payments made hereunder shall be in U.S. Dollars.

Licensee shall be responsible for all sales taxes, use taxes, withholding taxes, value added taxes and any other similar taxes imposed by any federal, state, provincial or local governmental entity on the transactions contemplated by this EULA, excluding taxes based upon BitRock's net income.

When BitRock has the legal obligation to pay or collect such taxes, the appropriate amount shall be invoiced to and paid by Licensee unless Licensee provides BitRock with a valid tax exemption certificate authorized by the appropriate taxing authority.

6. OWNERSHIP.

6.1. Software. BitRock owns all right, title and interest in and to the Software, except the Third Party Software (as that term is defined in Section 6.2 below), and any modifications thereto, including without limitation, all Intellectual Property Rights therein and related thereto. Licensee owns the applications that Licensee develops pursuant to Section 2 above provided that BitRock retains all right, title and interest in and to any portion of the Software used in connection with the applications. InstallBuilder and the BitRock name and logo are trademarks of BitRock, and no right or license is granted to Licensee under this EULA to use such trademarks. "Intellectual Property Rights" means all worldwide patent, patent applications, copyrights, trade secrets, trademarks, service marks, trade names and any other intellectual property, proprietary, and database protection rights.

6.2. Third Party Software. Licensee acknowledges that the InstallBuilder Software is designed to work with, and contains, certain third party software, including without limitation, certain software licensed by its owners under open source software license (collectively, the "Third Party Software"). Any Third Party Software, whether distributed with the InstallBuilder Software or otherwise obtained by Licensee, is subject to the terms of the third party software license accompanying or otherwise applicable to that Third Party Software ("Third Party License"). The terms of the applicable Third Party License will apply to the Third Party Software independent of the terms of this EULA. Nothing in this EULA limits Licensees rights under, or grants rights to Licensee that supersede the terms of any applicable Third Party License.

7. NO WARRANTY AND LIMITED LIABILITY.

7.1. DISCLAIMER OF EXPRESS AND IMPLIED WARRANTIES. THE SOFTWARE AND THE DOCUMENTATION ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. THE ENTIRE RISK ARISING OUT OF THE USE OR PERFORMANCE OF THIS SOFTWARE REMAINS WITH LICENSEE.

7.2 LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL THE TOTAL LIABILITY OF BITROCK OR ANY OF ITS SUPPLIERS OR LICENSORS ARISING OUT OF THIS EULA WITH RESPECT TO ANY PARTICULAR SOFTWARE OR THE USE OR PERFORMANCE OF SUCH

SOFTWARE EXCEED THE SUM OF THE LICENSE FEES ACTUALLY PAID BY LICENSEE HEREUNDER FOR SUCH SOFTWARE.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL BITROCK OR ANY OF ITS SUPPLIERS OR LICENSORS HAVE ANY LIABILITY TO LICENSEE FOR ANY LOST PROFITS OR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES, OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING BUT NOT LIMITED TO DAMAGES FOR LOST DATA, HOWEVER CAUSED AND UNDER ANY THEORY OF LIABILITY, INCLUDING BUT NOT LIMITED TO CONTRACT, PRODUCTS LIABILITY, STRICT LIABILITY AND NEGLIGENCE, AND WHETHER OR NOT SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

THE PARTIES AGREE THAT THIS SECTION 7 REPRESENTS A REASONABLE ALLOCATION OF RISK.

8. CONFIDENTIALITY. The term "Confidential Information" shall mean any information disclosed by either party (the "Disclosing Party") to the other party (the "Receiving Party") in connection with this EULA which is disclosed in writing, orally or by inspection and is identified as "Confidential" or "Proprietary."

Notwithstanding the foregoing, the following is "Confidential Information" of BitRock:

- (a) any information, in whatever form, disclosed by BitRock that relates to the Software and that is not publicly known;
- (b) any benchmark tests pertaining to the Software; and the Software license Key provided by BitRock to Licensee hereunder.

The Receiving Party shall treat as confidential all Confidential Information received from the Disclosing Party, shall not use such Confidential Information except as expressly permitted under this Agreement, and shall not disclose such Confidential Information to any third party without the Disclosing Party's prior written consent.

The Receiving Party shall use the same degree of care to protect the Confidential Information of the Disclosing Party against unauthorized use or disclosure that it takes with its own confidential information of like nature, but in no event less than a reasonable degree of care.

Notwithstanding the above, the restrictions of this Section shall not apply to information that:

- (a) was independently developed by the Receiving Party without any use of the Confidential Information of the Disclosing Party;
- (b) becomes known to the Receiving Party, without restriction, from a third party without breach of this Agreement and who had a right to disclose it;
- (c) was in the public domain at the time it was disclosed or becomes in the public domain through no act or omission of the Receiving Party;

or (d) was rightfully known to the Receiving Party, without restriction, at the time of disclosure. Without terminating any restrictions or obligations of this Section, a Receiving Party is not prohibited hereunder from disclosing Confidential Information of the other party if such information is disclosed pursuant to the valid order or requirement of a court, administrative agency, or other governmental body of competent jurisdiction; provided, however, that the disclosure is strictly limited to the extent necessary to comply with such order and, provided further that, the Receiving Party shall provide prompt notice thereof to the Disclosing Party and shall use commercially reasonable efforts to obtain a protective order or otherwise prevent public disclosure of such information.

9. TERMINATION. BitRock may terminate this EULA upon Licensee's breach of this EULA if Licensee fails to cure such breach within 15 days of receipt of BitRock's notice thereof. Upon termination or expiration of this EULA:

(a) any fees owed to BitRock under this EULA before such termination or expiration will be immediately due and payable;

(b) all licenses granted to Licensee in this EULA will immediately cease;

and (c) Licensee must promptly discontinue all use of the Software, uninstall and erase all copies of the Software from Licensee's computers, and return or, at the option of BitRock, destroy all copies of the Software in Licensee's possession or control. Sections 6, 7, 8, 9, 10, 11 and 12 will survive termination or expiration of this EULA for any reason. Licenses to installation packages generated by Licensee and distributed by Licensee prior to termination of this EULA shall survive termination.

10. SUPPORT. Basic support is included in the Software License Fees.

Subject to Customer's payment of the Software License Fees due for the Initial Period and any Renewal Period, BitRock will provide Customer with basic support for the InstallBuilder Software during the Initial Period and each such Renewal Period. Basic Support is offered solely for the InstallBuilder Software and excludes any and all Third Party Software.

11. U. S. GOVERNMENT END USERS. 12. EXPORT. Licensee will comply with all applicable export and import laws and regulations in its use of the Software and, in particular, Licensee will not export or re-export the Software without all required United States and foreign government licenses.

13. USE OF CUSTOMER'S NAME. Licensee acknowledges that BitRock may use Licensee's company name on BitRock's customer list provided to third parties.

14. GENERAL. This EULA will be governed by the laws of California without regard to conflicts of law principles. The Courts of California will have exclusive jurisdiction over any disputes arising under this EULA and the parties hereby irrevocably consent to the personal jurisdiction of such courts. In the event any proceeding or lawsuit is brought by the parties in connection with this EULA, the prevailing party in such proceeding or lawsuit will be entitled to receive its costs and reasonable attorneys' fees. If any provision of this EULA is held to be unenforceable, that provision will be modified so as to be enforceable, or if such modification is not possible, will be removed and the remaining provisions will remain in full force. No modification, amendment or waiver of any provision of this EULA shall be effective unless in writing and signed by an officer of BitRock and an authorized representative of Licensee.

No failure or delay by either party in exercising any right, power, or remedy under this EULA, except as specifically provided herein, shall operate as a waiver of any such right, power or remedy.

Without limiting the foregoing, terms and conditions on any purchase orders or similar materials submitted by Licensee to BitRock shall be of no force or effect. Neither this Agreement nor any rights or obligations of Customer under this Agreement may be assigned by Licensee in whole or in part without the prior written consent of BitRock (except in connection with a merger or acquisition, or the sale of all or substantially all of such party's assets), and any attempted assignment or transfer by Licensee in violation of the foregoing will be null and void.

This Agreement, is the complete and exclusive statement of the agreement between the parties and supersedes any proposal or prior agreement, oral or written, and any other communications between the parties in relation to the subject matter of this Agreement. This EULA will not be modified except by a subsequently dated written amendment or exhibit signed by the duly authorized representatives of both parties. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods is specifically excluded from application to this Agreement. This Agreement is in the English language only, which language will be controlling in all respects.
