

Desaware, Inc. Software License

Please read this agreement. If you do not agree to the terms of this license, promptly return the product and all accompanying items to the place from which you obtained them.

This software is protected by United States copyright laws and international treaty provisions.

This program will be licensed to you for use only on a single computer. If you wish to install it on additional computers, you must purchase additional software licenses. You may (and should) make archival copies of the software for backup purposes.

You may not make copies of this software for other people. Companies or schools interested in multiple copy licenses or site licenses should contact Desaware, Inc. directly at (408) 377-4770.

You have a royalty-free right to incorporate any of the sample code provided into your own applications with the stipulation that you agree that Desaware, Inc. has no warranty, obligation or liability, real or implied, for its performance.

Licensing: CAS/Tester uses the Desaware Licensing System Component. This framework provides for the transfer of licensing information from the system CAS/Tester is installed on to Desaware's Licensing Web Service. This in turn creates and activates a license key that allows you to use CAS/Tester on your system. The licensing information transferred is a one way cryptographic hash that does not include any personal information, or information that could be used to identify the originating system.

File Descriptions: You may not distribute any compiled files included with CAS/Tester. The files prohibited are: Desaware.MachineLicense.dll, Desaware.MachineLicense11.dll, Desaware.CASTester.dll, Desaware.CASTester11.dll, CASTesterAddIn.dll, CASTesterAddIn11.dll, CASTesterAddIn.tlb, CASTesterAddIn11.tlb, CASTesterInstaller.exe, CASTesterInstaller11.exe, CASTesterLauncher.exe, CASTesterLauncher11.exe, CASTesterUI.dll, CASTesterUI11.dll, and CASTester10.dlsc.

Source Files: Source code for portions of CAS/Tester are included for educational purposes only. You may use this source code in your own applications only if they provide primary and significant functionality beyond that included in the toolkit package. You may not use this source code to develop or distribute components and tools that provide functionality similar to all or part of the functionality provided by any of the components or tools included in the CAS/Tester package.
