

Revision date: 04/16/2019

- **IMPORTANT: PLEASE READ CAREFULLY.**

THE USE OF THIS SOFTWARE IS SUBJECT TO THE TERMS OF THE LICENSE AGREEMENT PRINTED BELOW. IF YOU DO NOT AGREE WITH THE TERMS, THEN YOU SHOULD NOT USE THE SOFTWARE OR ANY PART OF THE SOFTWARE IN ANY WAY. BY USING THIS PRODUCT, YOU AGREE TO BE BOUND BY ALL THE TERMS AND CONDITIONS OF THIS LICENSE AGREEMENT.

- **THE AGREEMENT**

This document is a legal agreement between Dynamsoft Corporation, Canada, hereafter referred to as "Dynamsoft", and the user of the software, hereafter referred to as "You".

- **DEFINITIONS**

"Software": The "Dynamsoft Barcode Reader" software and all accompanying components, parts and documentation that have been developed by Dynamsoft.

"Licensee" means the person or entity entering into this Agreement with Dynamsoft. Any person who is entering into this Agreement on behalf of an organizational entity represents that he or she has the authority to bind such entity.

"Application" means an end user program which Licensee develops using the Software and into which the Redistributables are incorporated, and which contains significant additional functionality over and above the functionality contained in the Software.

"Redistributables" are those runtime libraries and files intended for duplication and distribution with the Application.

"Deployment License" allows Licensee to copy, deploy and redistribute the Redistributables to end users as part of the Application.

"Server" is defined as a computer configured with the intention of multiple users accessing it as a service, or as a background service running as an automated process. The computer has Software loaded into its RAM.

- **EVALUATION LICENSE**

Dynamsoft grants Licensee a limited, non-exclusive, non-transferable license to use the Software for evaluation purposes for 30 days. An Evaluation License does NOT grant you the right to distribute the Software.

- **DEVELOPMENT LICENSE**

Dynamsoft grants you a limited, non-exclusive, non-transferable license to use the Software and the accompanying materials for the purpose of development on one development machine. The development machine can run on Windows, Linux or macOS.

With one Development License, multiple named developers can use the Software for development of multiple Applications, as long as the developers all connect to the same development machine.

Licenses are non-transferable between development machines. Therefore, if a company has "x" development machines which will use the Software, the company requires "x" Development

Licenses purchased. The same provision applies if, for example, the development machines will not be working with the Software at the same time.

- **DESKTOP RUNTIME LICENSE**

For each Runtime License of the Software purchased by the Licensee, Dynamsoft grants the Licensee a non-exclusive, non-transferable, perpetual, worldwide license for one (1) named end user to install the Application on one personal computer or workstation.

If such named end user installs the Application on an additional computer or workstation, an extra Runtime License is required.

Desktop Runtime License cannot be used for deployment on Servers.

Desktop Runtime License cannot be used for deployment on embedded devices. The Application that runs on a Windows or Linux operating system must not be embedded into a larger piece of equipment or device and become a part of it.

- **SERVER RUNTIME LICENSE**

The Server Runtime License is on a per-server per-year basis.

One Server Runtime License allows deployment of one Application to one production server, testing server, or staging server, subject to a maximum of 16 physical cores. Additional cores can then be licensed in increments of two cores for gradual increases in core density growth.

Renewal: The Yearly Server Runtime License will be valid for one year following the license order date. Thereafter, You can extend the validity of the Server Runtime License for additional one-year periods (each a "Renewal Term").

Effect of Termination: Upon the expiration of a Yearly Server Yearly License, all rights of You granted under this Agreement (including but not limited to, the rights to use, resell, distribute, sublicense and/or provide access to the Software) shall terminate, and, You shall immediately: (a) cease incorporating the Software into the Application; (b) cease use of the Software (in any form, including partial copies in its possession or under its control); and (c) destroy all copies of the Software.

More flexible licensing options can be discussed via an inquiry email to sales@dynamsoft.com.

- **RESTRICTIONS**

Your product is targeted to end users. The end user application You develop using the Software must not be another development tool and/or SDK.

Users of end user applications You develop using the Software may not further use the Software, in whole or in part, for software development, copying or distribution. You must enforce this restriction in a separate agreement between You and the end user of your applications.

Evaluation License holders are granted the use of only one copy of the Software per Evaluation License. The Software is "in-use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into the storage device of that computer.

You may make a single copy of the Software for backup purposes only.

You are not permitted to directly or indirectly expose the properties and methods of the Software.

All rights reserved. You may not use, copy, modify, reverse engineer, decompile, disassemble, sell, transfer, hire, lend or otherwise distribute the Software or any accompanying materials in whole or in part, except as expressly provided for in this agreement.

Old license(s) will be revoked within 60 days after a license upgrade.

The Company reserves the right to change these terms and conditions at any time without prior notice.

- **OWNERSHIP**

Dynamsoft shall remain the owner of the Software.

This license does not confer any ownership rights to the licensee.

- **WARRANTIES AND DISCLAIMERS**

THIS SOFTWARE AND THE ACCOMPANYING FILES ARE SOLD "AS IS" WITHOUT WARRANTY OF ANY KIND EITHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ANY USE BY YOU OF THE SOFTWARE IS AT YOUR OWN RISK.

NO LIABILITY FOR CONSEQUENTIAL DAMAGES. UNDER NO CIRCUMSTANCE SHALL DYNAMSOFT BE LIABLE FOR ANY DAMAGES WHATSOEVER ARISING FROM THE USING OR INABILITY TO USE DYNAMSOFT PRODUCTS.

- **APPLICABLE LAWS**

This agreement shall be governed by the laws of Canada.
