

This Limited Use Software License Agreement (the "Agreement") is a legal agreement between you, the end-user ("Licensee"), and author. By using this software or storing this program ("localFS") on a computer hard drive or other media, you are agreeing to be bound by the terms of this Agreement.

You may install trial version of this program to test and evaluate for 30 days; after that time you must either register this program or delete it from your computer hard drive.

The trial version of software may be distributed freely on online services, bulletin boards, or other electronic media as long as the files are distributed in their entirety.

You may not alter this software in any way, including changing or removing any messages or windows.

You may not decompile, reverse engineer, disassemble or otherwise reduce this software to a human perceivable form. You may not modify, rent or resell for profit this software. You may not publicize or distribute any registration code algorithms, information, or registration codes used by this software without permission of author.

Author grants a license to use the enclosed software to the original purchaser. Customer written applications containing embedded localFS may be freely distributed, without royalty payments to author, provided that such distributed product is bound into these applications in such a way so as to prohibit separate use in design mode, and that such product is distributed only in conjunction with the customer's own software product. This control may be used as a constituent control only if the compound control thus created is distributed with and as an integral part of an application. This license may be transferred to a third party only if all existing copies of the software and its documentation are also transferred.

This product is licensed for use by only one developer at a time. Author expressly prohibits installing this product on more than one computer if there is any chance that both copies will be used simultaneously. This restriction also extends to installation on a network server, if more than one workstation will be accessing the product. All developers working on a project which includes localFS product, even though not working directly with the product, are required to purchase a license for that product.

This software is provided "as is". Author makes no warranty, expressed or implied, with regard to the software. All implied warranties, including the warranties of merchantability and fitness for a particular use, are hereby excluded. AUTHOR'S LIABILITY IS LIMITED TO THE PURCHASE PRICE. Under no circumstances shall author of this product be liable for any incidental or consequential damages, nor for any damages in excess of the original purchase price.
