Ownership of the Software

The enclosed software program ("SOFTWARE") and the accompanying written materials are owned by FMS, Inc. or its suppliers and are protected by United States copyright laws, by laws of other nations, and by international treaties. You must treat the SOFTWARE like any other copyrighted material except that you may make one copy of the SOFTWARE solely for backup or archival purpose, and you may transfer the SOFTWARE to a permanent storage device.

Grant of License

The SOFTWARE is available in a single license or five-license version. Contact FMS, Inc. to purchase additional licenses.

Licenses are granted on a PER DEVELOPER basis to be used on one computer at a time.

Redistributable Components

Only the Library Code included in the SOFTWARE may be redistributed. Library Code is defined as the programming code that is available when using the SOFTWARE program's Code Explorer interface. You are specifically prohibited from redistributing any other file or part of the SOFTWARE.

Use and Redistribution Rights

FMS grants you the right to distribute the Library Code on a non-exclusive, royalty free basis, provided that:

1. Each developer using the program owns a license of the SOFTWARE;
2. You do not distribute the library code, in whole or in part, in any form that does not add primary and substantial value to the library code;
3. You do not distribute the library code in an application that is similar in nature or purpose to the SOFTWARE;
4. You agree to indemnify, hold harmless, and defend FMS and its suppliers or contractors from and against any claims or lawsuits, including attorneys' fees, that arise or result from the use or distribution of or other activities relating to your software.
5. If you claim a copyright, you must add a clause stating "Portions of this program are Copyright Total Visual SourceBook from FMS, Inc." and that you do not claim ownership of the SOFTWARE.

Restrictions

Under no circumstances may you attempt to reverse engineer this product. You may not rent or lease the SOFTWARE, but you may transfer the SOFTWARE and the accompanying written materials on a permanent basis provided you retain no copies, the recipient agrees to the terms in this SOFTWARE License, you remove all installations of the SOFTWARE, and you have not used any of the Library Code in an application. Ownership transfers must be reported to FMS, Inc. in writing.

Publishing Library Code

You are prohibited from publishing library code on any medium, including, but not limited to, electronic mail, online services, internet newsgroups, and printed matter, except when library code is distributed in an application that adds substantial value to the library code and that application is not similar in nature or purpose to the SOFTWARE.

The Library Code may not be included in freeware or shareware applications in a non-compiled state.

Technical Support on Library Code

Technical support is available for issues you find on the Code Explorer application and issues with the included Library Code and associated documentation. Because of the complexity of software development, FMS does not provide technical support related to the use of the Library code in your applications.

FMS offers incident support services and consulting services if you have needs beyond this.
