SINGLE-USER SOFTWARE LICENSE AGREEMENT BY GIGASOFT, INC.
This is a Single-User Software License Agreement granted by Gigasoft, Inc.
The Software is owned exclusively by Gigasoft, Inc. and remains its
intellectual property. It is protected by United States copyright law and
international treaty provisions. The Software is provided to the original
purchaser and any subsequent owner of the Software media strictly for use
under the license terms outlined below.

Gigasoft grants the original purchaser (hereinafter referred to as
"Licensee")
limited rights to possess and use the Gigasoft Software and Electronic User
Manual solely for its intended purposes. The Licensee may use the
ProEssentials v10
software indefinitely, provided the Licensee adheres to these terms and
does not
violate copyright laws.

The Software may only be used for the Licensee's internal purposes.
Licensee is
permitted to make up to two (2) backup copies of the licensed software for
archival
purposes. All backup copies, along with the original, must remain in the
Licensee's
possession or control. Each backup copy must include all proprietary
notices and be
clearly labeled to indicate that it is the property of Gigasoft and that
its use is
subject to this license agreement.

The Licensee may transfer their rights under this License to another party,
provided
the recipient agrees to the terms and conditions of this License, and
Gigasoft is
notified in writing. Upon such a transfer, the Licensee must either
transfer all
copies of the Software to the recipient or destroy them.

The Licensee is strictly prohibited from modifying, decompiling,
disassembling, or
reverse-engineering the licensed software. Additionally, the Licensee may
not rent,
lease, or otherwise provide the Software to third parties.

When distributing applications that implement the ProEssentials Software,
only the
following files are permitted for redistribution:

PE3DOH.OCX,
PEGOH.OCX, PESGOH.OCX, PEPSOH.OCX, PEPCOH.OCX.

Gigasoft grants the Licensee a non-exclusive, royalty-free right to
reproduce and
distribute the files listed above under the following conditions:

The files must be distributed exclusively as part of the Licensee's
software
application, where ProEssentials adds significant functionality. The
software

application must not provide presentation charting graphics derived from
generic data.
The Licensee must include a copyright notice attributing the Licensee's
name in the
software application product. The Licensee agrees to indemnify, hold
harmless, and
defend Gigasoft against any claims, lawsuits, or liabilities, including
attorney's
fees, arising from the use or distribution of the Licensee's software
application
product. The Licensee may install the Software on three development and
test systems
and up to five (5) production servers. If the files are installed on more
than five
internet or intranet production servers to produce server-based dynamic
content,
additional runtime licenses are required for additional servers.

DISCLAIMER
The license fees for the Software do not include any considerations for the
assumption
of risk by Gigasoft. Gigasoft disclaims any and all liability for
incidental or
consequential damages arising from the use, operation, or inability to use
the Software,
even if Gigasoft has been advised of the possibility of such damages.

Furthermore, the Licensee agrees to indemnify and hold Gigasoft harmless
from any such
claims. The entire risk as to the results and performance of the Software
is assumed by
the Licensee.

The warranties expressed in this License are the only warranties made by
Gigasoft and are
provided in lieu of all other warranties, whether expressed or implied,
including, but not
limited to, implied warranties of merchantability and fitness for a
particular purpose.

This warranty grants specific legal rights, and the Licensee may also have
other rights
that vary by jurisdiction. Some jurisdictions do not allow the exclusion or
limitation of
warranties, so the above limitations or exclusions may not apply to the
Licensee.

U.S. GOVERNMENT RESTRICTED RIGHTS
The Software and documentation are provided with restricted rights. Use,

force and affect. This License shall be controlled by the laws of the State of
Texas, and the United States of America.
