License for SQL Diagnostic Manager for MySQL - Registered Users

This registered license is for users who have obtained from Webyog Softworks Private Limited a valid license for SQL DM. If you have not obtained a valid license for SQL DM, see the section titled License for Trial Users.

Your Agreement to this License

This License only applies to the executable code for the English-language version of the SQL DM software and any accompanying distributable files, data and materials. You should carefully read the following terms and conditions before using, installing, copying, or distributing SQL DM. Unless otherwise agreed in a writing signed by an authorized representative of Webyog Softworks Private Limited ("Webyog"), your use, installation, copying, or distribution of SQL DM indicates your acceptance of this agreement ("License").

Please read the license terms below. If you do not agree to all of the terms and conditions of this License, then do not use, install, copy, or distribute SQL DM. In addition, if you paid a license fee to Webyog or an authorized Webyog reseller, you may return to Webyog or the reseller, as applicable, a copy of the invoice, if any, and a signed Affidavit of De-Installation and Non-Use within ninety (90) days after purchase, for a full refund of the license fee.

The terms and conditions of this License describe the permitted use and user(s) of each Licensed Copy of SQL DM.

Scope of License

Subject to the terms of this License, Webyog grants to you, for each Licensed Copy, a limited, non-exclusive, non-transferable, royalty-free, license to install and use SQL DM, solely for your personal or internal business purposes.

If you have purchased a single-server license you have the right to install and use SQL DM on one(1) computer or workstation to monitor one(1) server. If you have purchased a multi-server license you have the right to install a copy of SQL DM on multiple computers AND monitor multiple servers up to the number of "Server Licenses" that you have acquired, as determined below.

You may not give, transfer or sell copies of SQL DM to your customer(s), or any third party, in whole or in part, nor include copies of SQL DM, in whole or in part, in, or with, products you sell.

Each Licensed Copy may be accessed through a network, provided that you have purchased a Licensed Copy for EACH server that will be monitored using SQL DM through the network. For instance, if 7 different servers will be monitored using one instance of SQL DM, you must purchase 7 "Server Licenses" of SQL DM, regardless of whether the 7 servers will be monitored by one or multiple instances of SQL DM.

For purposes of this License,

1. if you have paid for a Single-Server SQL DM License, you are deemed to have a "Single-Server" license of SQL DM;
2. if you have paid for a Multi-Server license of SQL DM, you or your organization are deemed to have acquired a number of "Server Licenses" of SQL DM equal to the number specified on the order confirmation mail, and are authorized to connect to those many number of servers using SQL DM.

If you have purchased a Multi-Server License, you are responsible for duplicating and distributing SQL DM for use in accordance with the terms of this License, and for monitoring the number of servers that SQL DM connects to. For more information regarding multi-server licenses, please visit the Webyog website at www.webyog.com.

All rights of any kind in SQL DM which are not expressly granted in this License are entirely and exclusively reserved to and by Webyog. SQL DM is protected by applicable national and international laws and treaties.

You may use, install and distribute SQL DM solely as expressly provided in this License. You may not rent, lease, loan, sublicense, modify, translate, reverse engineer, decompile, disassemble, or create derivative works based on, SQL DM, in whole or in part, nor permit anyone else to do so. You may not make access to SQL DM available to others in connection with a service bureau, application service provider, or similar business, nor permit anyone else to do so. The license granted hereunder includes no rights in or to the source code version of SQL DM.

Upgrades

Webyog will provide you with free upgrades for a period that begins on the purchase date and ends 365 days later. Such upgrades will include any upgrades for SQL DM that are released by Webyog for general distribution to SQL DM licensees

during the one year period for which you are entitled to receive free upgrades. Webyog has no obligation to provide you with any upgrades that are not released for general distribution to Webyog's other licensees. Nothing in this Agreement shall be construed to obligate Webyog to provide upgrades to you under any circumstances.

Except to the extent expressly prohibited by applicable statutes, Webyog, its affiliates or licensors shall not be liable for any damage or financial loss arising out of the use of, or inability to use, SQL DM. In addition, in no event does Webyog authorize you or anyone else to use SQL DM in applications or systems where SQL DM's failure to perform can reasonably be expected to result in a significant physical injury, or in loss of property, or loss of life. Any such use is entirely at your own risk, and you agree to hold Webyog, its affiliates or licensors harmless from any and all claims or losses relating to such unauthorized use.
