

License Restrictions for VARCHART XTree

For runtime licenses of applications with VARCHART XTree which shall be sold to third parties a "VAR Agreement for VARCHART" has to be concluded between the licensee and NETRONIC Software GmbH.

For runtime licenses of applications with VARCHART XTree only being used within the organisation which has purchased the development license (in-house applications) no such VAR Agreement has to be concluded and the "VARCHART License Terms for In-House Applications" shall apply.
