(b) "Client" means a computer device (agent, adapter or emitter) that is part of a network and which is connected to a Server which incorporates the object code licenses for the Software Product(s) for such device and on which the Software is used or is managed by.

(f) "Demonstration License", also referred to as "Demo License", is the limited-time license herein granted to the Licensee free of charge. This is a non-exclusive, non-transferrable, personal licence, subject to the terms of this Agreement, to use the Software on a single client machine only, and only for demonstration purposes. Licensee must not use the Software for the purposes of business or for any purpose other than to assess whether or not Licensee wishes to acquire one or more further licences of it. All results arising from Licensee's use and assessment of the Software shall be deemed confidential to PLANATECH and Licensee shall treat them in accordance with Clause 8 below. PLANATECH may terminate Licensee's demonstration licence at any time by giving Licensee written notice of termination having immediate effect. Licensee shall not attempt to override that time limit.

(g) "Licensed Computers" is the networked set of Servers and Clients for which Licensee has purchased a Software Product license from PLANATECH for each Server and/or Client which the Software Product(s) is to be "used on or which is to be managed by it" (hereinafter "use" of the Software Products shall be construed to have the foregoing meaning).

(l) "Software" is defined as the software component of the Software Product.

(m) "Software Product(s)" means one or more PLANATECH proprietary computer software programs, in object code format, and their related materials which include the user manuals, documentation, and software release notes associated with them and which products are listed in PLANATECH's current commercial end user price list and/or Quotation, including updates, modifications or new releases of such software programs and documentation as may be provided by PLANATECH to Licensee from time to time. The specific products licensed hereunder are those product(s) specified in the Itemised License Agreement and delivered to Licensee by PLANATECH.

(n) "Itemised License Agreement" is the document delivered to Licensee with this Agreement in which the number of licenses granted to the Licensee of each type is itemised. In the absence of such agreement, the Itemised License Agreement shall be deemed to contain one Demonstration License only.

2. LICENSE.

(a) GRANT OF LICENSE. Subject to the terms and conditions of this Agreement, PLANATECH grants Licensee a non-exclusive, non-transferable, personal license to use the Software Products.

(b) SCOPE OF USE. Licensee may use the Software Products only for Licensee's normal, internal business purposes. Licensee may install and use Software Products on Licensed Computers only in the maximum number of copies of each Software Product specified in the Itemised License Agreement and for which Licensee has paid the applicable license fee(s). Licensee may also make a reasonable number of copies of the Software in machine-readable form solely for archive or backup purposes in accordance with Licensee's standard archive or backup policies and procedures. Use of Software Products greater than the quantity of licenses paid for is prohibited and any such use will be subject to additional license fee(s).

(c) USE RESTRICTIONS. Licensee may configure the Software as allowed by the Software. Licensee will not use or permit the Software Products to be used in any manner that would enable Licensee's customers or any other person or entity to use the Software Products except pursuant to Section 8. Except as provided in the Software documentation relating to XLL Plus, Licensee is

not authorized to modify, adapt, translate, or create derivative works based upon, in whole or in part any Software Products. Save to the extent that such acts may not lawfully be prohibited, Licensee shall not reverse engineer, reverse compile or disassemble the Software. Licensee may use XLL Plus only on Licensed Computers which are operating one or more suitably licensed PLANATECH Software Products. The rights granted Licensee hereunder are restricted exclusively to Licensee and such license and use rights, Software Products, or Developed Programs may not be assigned, sub-leased, sub-licensed, sold or otherwise transferred except as provided in this Agreement.

(d) USE ON OTHER COMPUTERS; PERMANENT TRANSFER TO NEW LICENSED COMPUTERS. Licensee may, without incurring additional license charges, move the Software Products to and use the Software Products on computers other than the Licensed Computers (i) temporarily, if the Licensed Computers cannot be used because of equipment or software malfunctions or (ii) permanently, onto replacement Licensed Computers if the earlier Licensed Computers are replaced by Licensee with other computers; provided: (1) there is no increase in the quantity of Server and/or Client computers using the Software Product(s) over the quantity of Server and/or Client computers for which Licensee has purchased licenses for such product(s), (2) that such relocation is to another installation site in the same country to which the Software Products had been delivered initially and (3) further provided, if Licensee permanently transfers the Software Products to computers at a different location which physically replace the original Licensed Computers, Licensee shall cease use of the Software Products on the original set of computers altogether and will promptly give PLANATECH written notice of such relocation. Additional license fee charges are incurred when the Licensee, having Software Products licensed on Licensed Computers, either (i) increases the number of computers using the Software or (ii) transfers Software Product copies to additional computers which are not then licensed to use them and for which the applicable license fee(s) have not been paid.

(e) TRANSFER OF LICENSE GRANT. On written notice, Licensee may, with PLANATECH's concurrence (which shall not be unreasonably withheld) transfer this license grant provided Licensee or transferee, directly or indirectly holds a majority interest, one in the other. As a condition of PLANATECH's consent, transferee must assume, in writing, Licensee's obligations under this Agreement and Licensee remains liable hereunder. Under no condition will such transfer be permitted to a transferee or location outside of the country in which the Software Product(s) are initially licensed.

(f) DOCUMENTATION. Licensee may make, for its internal use only and only in conjunction with use of the Software Products, a reasonable number of printed copies of the Software Product user manuals/documentation which may be supplied to Licensee by download from a secure Internet site or in CD-ROM and/or hard copy format provided Licensee includes all PLANATECH copyright and all other proprietary notices on the documentation on such copies it produces.

(g) TITLE. This Agreement grants Licensee no title or rights of ownership in the Software Products. All Software Products furnished by PLANATECH, and all copies thereof made by Licensee, including translations, compilations, and partial copies, and all patches, revisions, and updates thereto are and shall remain the property of PLANATECH or PLANATECH's licensors, as applicable.

(h) PROPRIETARY MARKINGS. Licensee agrees not to remove or destroy any proprietary markings or proprietary legends placed on or contained within the Software Products or any related materials or documentation. Additionally, Licensee agrees to reproduce and include PLANATECH's proprietary and copyright notices on any copies of the Software Products and related materials, or on any portion thereof, including reproduction of the international copyright notice.

(i) VERIFICATION OF SOFTWARE PRODUCTS DEPLOYED. Upon reasonable advance notice to Licensee and on a non-interference basis with Licensee's normal business operations, PLANATECH has the right to do a check-up of the quantity of Software Products Licensee has placed into use under this Agreement. Such check-up shall not be conducted more frequently than once per year.

(j) RESTRICTIONS ON REDISTRIBUTION OF DEVELOPED PRODUCTS. Sale or distribution of Developed Programs to third parties requires the explicit agreement of PLANATECH, if those developed programs allow the third party to generate further developed programs.

3. PAYMENT TERMS.

(a) PAYMENT. Payments hereunder are due as specified on either the invoice or the website from which the Software Products are downloaded. Subsequent charges will be invoiced separately. Licensee obligations to pay all accrued charges shall survive the expiration or termination of this Agreement. Invoices remaining unpaid for thirty (30) days beyond the date payment is due shall accrue interest at the rate of one and one-half percent (1 1/2%) per month, or at the maximum rate permitted by applicable law, whichever is less, on the unpaid amount.

(b) TAXES; OTHER CHARGES. In addition to all specified charges in this Agreement, Licensee shall pay or reimburse PLANATECH for all local sales taxes or dues payable on the Software Product's use or services performed hereunder. PLANATECH will invoice Licensee for all such applicable taxes unless, in advance of delivery, Licensee provides PLANATECH a valid exemption certification from the applicable taxing authority. Delivery and risk of loss shall pass to Licensee. Licensee shall be responsible for the payment of all freight, customs, duties, international freight forwarding and related charges applicable to the delivery of the Software Products to Licensee and Licensee shall reimburse PLANATECH for all such charges which are prepaid by PLANATECH and invoiced to Licensee by PLANATECH.

4. MAINTENANCE AND SUPPORT PLANS.

(a) STANDARD MAINTENANCE AND SUPPORT PLAN. During the first year period after delivery of the Software Products for which the applicable Software Product(s) license fee(s) has been paid by Licensee, PLANATECH will provide the following basic support of the current version of Software Products (PLANATECH will also support the previous sequential release of the Software for a period of twelve (12) months): (i) Code Corrections - To supply code corrections to correct substantial deviations of unmodified Software Products from the then current applicable user documentation and/or software release notes delivered with Software Products ("Specifications"), (ii) Software Products Updates - To supply improvements, extensions and other changes to the Software Products which PLANATECH, at its discretion, deems to be logical improvements or extensions, (iii) Email Support - To provide support service via Email during PLANATECH's normal principal period of service ("PPS") during the hours of 8:30 AM to 5:30 PM, GMT, Mon. - Fri., except PLANATECH holidays, (iv) Fixes - to supply workarounds for problems where known, answer

questions and provide patches where they exist and to supply a reasonable amount of assistance in the event of difficulties in the use of the Software Products. PLANATECH shall be entitled to determine in absolute discretion what constitutes a "reasonable amount" of assistance.

(b) RENEWAL; CHARGES FOR SUBSEQUENT YEARS. For each subsequent year after the first year maintenance term, maintenance and support services will be available on a time and material basis with rates based on PLANATECH's rate card then in effect.

(c) LIMITATIONS ON PLANATECH'S OBLIGATIONS. Licensee understands and agrees that PLANATECH may develop and market new or different computer programs or features which use part or all of the Software Products and which perform all or part of the functions performed by the Software Products, including but not limited to releases of new software products or upgrades of the Software Products which include the such new product features and functionality. Nothing contained in this Agreement gives Licensee any rights with respect to such products, or such new or different computer programs or features.

5. LIMITED WARRANTY.

PLANATECH warrants to Licensee that for a period of one (1) year from delivery of the Software Products by PLANATECH (the "Warranty Period"), the unmodified Software will be capable of operating substantially in conformance with the user documentation and software release notes in effect at the time of delivery of the Software Products. If, during the Warranty Period, it is determined that the Software Products do not operate according to such specifications due to PLANATECH's fault, PLANATECH will undertake good faith efforts to cure the nonconformity. Licensee's only remedy in the event of a nonconformity in the Software, or for breach of any warranty is, at PLANATECH's option, either (i) return of the price paid for the Software Products or (ii) repair or replacement of the Software. ALL REPRESENTATIONS, WARRANTIES, TERMS AND CONDITIONS, THAT ARE NOT EXPRESSLY SET OUT IN THIS AGREEMENT, ARE HEREBY EXCLUDED TO THE FULLEST EXTENT PERMITTED BY LAW. PARTICULARLY, PLANATECH MAKES NO REPRESENTATION AND GIVES NO WARRANTY AS TO THE SUITABILITY OF THE SOFTWARE PRODUCT FOR LICENSEE'S PURPOSE (WHICH IS ENTIRELY A MATTER FOR LICENSEE'S JUDGEMENT, AND IN THIS CONNECTION LICENSEE ACKNOWLEDGES THAT LICENSEE HAS HAD THE OPPORTUNITY TO TAKE A DEMONSTRATION LICENCE OF THE PRODUCT), THE CONDITION OF THE SOFTWARE, ITS MERCHANTABILITY, QUALITY, FITNESS FOR ANY PARTICULAR PURPOSE OR THAT ITS USE WILL NOT INFRINGE THE PROPRIETARY OR OTHER RIGHTS OF ANY THIRD PARTY.

6. INDEMNITY.

PLANATECH agrees to defend or at PLANATECH's option settle any action or claim based upon a third party's claim of copyright asserted against Licensee by virtue of Licensee's use of the Software Products as delivered by PLANATECH, provided that PLANATECH is given prompt notice of the action or claim and the right to control and direct the investigation, defense and settlement thereof, and further provided that Licensee shall reasonably cooperate with PLANATECH in connection with the foregoing. In addition to the foregoing, should Licensee's use of the Software Product, pursuant to its business, be enjoined due to actual or alleged infringement of copyright of any third party, PLANATECH shall, at its sole option and expense, either (1) procure for Licensee the right to continue using the Software Product; (2) replace or modify such Software Product so it becomes non-infringing; or, (3) if PLANATECH does not procure the right to use, replace or modify the Software Product so that it is no longer infringing, return of the Software Product by Licensee and PLANATECH shall reimburse Licensee for the then depreciated value of the Software Product (5 year life, straight line method).

Notwithstanding the foregoing, PLANATECH will not be liable for a claim of infringement based on Licensee's (i) use of other than the latest unmodified release of the Software Products available to Licensee, (ii) use or combination of the Software Products with non-PLANATECH programs if infringement would not have occurred without the combination, and (iii) use of the Software Products after receiving notice of a claim that it infringes the rights of a third party.

7. LIMITATIONS OF LIABILITY.

Except as specified in Section 6 of this Agreement, PLANATECH shall not be liable for any loss or damage which may arise in connection with the furnishing or use by Licensee of the Software Products or performance of the Software Products or services. The remedies stated in the Agreement are the sole and exclusive remedies of Licensee for any breach of PLANATECH's obligations. IN NO EVENT WILL PLANATECH OR ITS LICENSORS BE LIABLE TO LICENSEE OR ANY OTHER PARTY FOR MONETARY DAMAGES IN EXCESS OF THE AMOUNTS PAID PLANATECH FOR THE LICENSED SOFTWARE PRODUCTS OR FOR ANY LOSS, DIRECT OR INDIRECT, INCIDENTAL, INCLUDING GOOD WILL, SPECIAL AND CONSEQUENTIAL DAMAGES, WHICH MAY ARISE FROM THE USE, OPERATION OR MODIFICATION OF THE SOFTWARE PRODUCTS OR SERVICES BY LICENSEE.

Licensee assumes all responsibility and liability for the Developed Programs, including the operation or use by any of its customer(s) or any other third party. Licensee will follow its normal procedures, but using at least commercially reasonable procedures, when determining its requirements and for testing the actual code of the Developed Programs to assure that the Developed Programs meet the Licensee's specifications and requirements, including the accuracy and operation of the Developed Programs.

8. NONDISCLOSURE OF SOFTWARE PRODUCTS.

Licensee acknowledges that the Software Products contain proprietary information. Licensee will take reasonable steps to ensure that the Software Products shall not be reproduced or disclosed to others in whole or in part, without the prior written permission of PLANATECH. Such prohibition on disclosure shall not apply to disclosures by Licensee to its agents, contractors or employees provided such disclosures are reasonably necessary to Licensee's authorized use of the Software Products, and provided further that Licensee shall take reasonable steps to ensure that the Software Products are not disclosed by its agents, contractors and employees in contravention of this Agreement. The contents of the Software Products are highly proprietary information of PLANATECH or of its licensors and save to the extent that such acts may not lawfully be prohibited Licensee agrees not to allow any machine readable or other version of the Software Products to be printed, listed, decompiled, disassembled or reverse engineered. Licensee will so advise all parties having access to the Software Products or the output of these restrictions. PLANATECH may not have an adequate remedy at law and injunctive or other equitable relief may be appropriate to restrain unauthorized use,

reproduction, disclosure, printing, listing, decompilation, disassembly or reverse engineering. The obligations of this Section shall survive the expiration or termination of this Agreement.

9. TERMINATION.

(a) TERMINATION BY PLANATECH. PLANATECH has the right to terminate this Agreement without further obligation or liability (i) if Licensee is delinquent in making payments of any sum due under this Agreement and continues to be delinquent for a period of thirty (30) days after the last day on which such payment is due, (ii) Licensee commits any other breach of this Agreement and fails to remedy such breach within thirty (30) days after written notice by PLANATECH of such breach; (iii) immediately, if Licensee violates Section 2.

(b) LIQUIDATION OF PLANATECH. If PLANATECH is liquidated, dissolved, or ceases to carry on business on a regular basis as pertains to the Software Products licensed by PLANATECH and PLANATECH's obligations under this Agreement are not assumed by a successor or assignee, this Agreement may be terminated by Licensee with thirty (30) days written notice by Licensee.

(c) DISPOSITION OF SOFTWARE PRODUCTS ON TERMINATION. Upon termination of this Agreement or cancellation of the license hereunder for any reason, the license and all other rights granted to Licensee shall cease, and Licensee shall immediately (i) return the Software Products and all copies of documentation to PLANATECH or alternatively, provide written certification that all copies of the Software Products and documentation have been destroyed, (ii) purge all copies of the Software Products or any portion thereof from all computers and from any computer storage device or medium on which Licensee has placed or has permitted others to place the Software Products.

10. U.S. GOVERNMENT END USERS ("Government").

The Software and its related documentation are provided with "Restricted Rights" unless the Government agrees to other terms. 11. EXPORT LAW CONTROLS; EXPORT ASSURANCE DECLARATION.

Licensee agrees to comply with all export and re-export restrictions and regulations imposed by any government or competent authority to which the Software Product is shipped to Licensee. Licensee will not commit any act or omission which will result in a breach of any such Export Requirements. Licensee agrees that it will comply in all respects with any governmental laws, orders or other restrictions on the export of Licensed copies of PLANATECH or its licensor's Software Product(s) (including any related information and documentation) which may be imposed from time to time by the government or competent authority of any country to which the PLANATECH or its licensor's Software Product(s) is shipped by PLANATECH ("Export Requirements").
