The provision of source code, if included with the SOFTWARE, does not constitute transfer of any legal rights to such code, and resale or distribution of all or any portion of all source code and intellectual property will be prosecuted to the fullest extent of all applicable local, federal and international laws. All STIMULSOFT libraries, source code if provided, redistributables and other files remain STIMULSOFT exclusive property.  You may not distribute any files, except those that STIMULSOFT has expressly designated as Redistributable.

SOFTWARE may include certain files ("Redistributables") intended for distribution by you to the users of programs you create.
