**Syncfusion**
Deliver innovation with ease

Move beyond simply coding applications to delivering business innovation with Syncfusion's award-winning .NET components and controls. Syncfusion tools help developers create elegant user interfaces, business intelligence dashboards, and sophisticated reporting that today's business users need, in the formats they demand.

Syncfusion Essential Studio Enterprise Edition

The most comprehensive suite of components and controls for .NET, comprising all the tools and libraries that are part of Syncfusion Essential Studio User Interface Edition, Reporting Edition, and Business Intelligence Edition.

This is the one package you need to develop ASP.NET MVC, ASP.NET, WPF, Windows Phone, Windows Forms, and Silverlight applications, including HTML 5 for mobile and desktop. That is why Syncfusion controls are trusted by developers worldwide for use in mission-critical applications.

Product Details

Category:	High-performance .NET components
Platforms:	Mobile MVC, ASP.NET MVC, ASP.NET, WPF, Windows Forms, Windows Phone, Silverlight
Price:	$1,995 Binary / $2,495 Source

What's Inside?

Essential Studio User Interface Edition

Essential Grid	High-performance Grid controls available for all platforms–proven fastest in side-by-side tests
Essential Tools	Widest set of UI controls including Docking, Layout, Menus, RichTextEditor, Editors, and more
Essential Chart	High-performance control for displaying 35+ chart types on Windows and Web platforms
Essential Diagram	Unique Visio-like control for creating stunning business visuals in Windows and Web apps, now HTML 5 compatible
Essential Edit	Advanced syntax editor with support for several popular programming languages
Essential HTMLUI	Control for creating flexible user interfaces using HTML (Windows Forms only)
Essential Schedule	Outlook-like scheduling/calendaring control
Essential Gauge	Gauge control with support for digital, rolling, circular, and linear gauges
Essential BI PivotGrid	Support for exporting grid content to Excel, Word, and PDF documents while preserving formatting
Essential Spreadsheet	Edit Excel files without having Excel installed
Essential PDF Viewer	View PDF files without reliance on Adobe Acrobat
Essential Gantt	Add a project-management interface to your applications
Essential Maps	Create stunning interactive maps from ESRI shapefiles

Essential Studio Reporting Edition

Essential XlsIO	Easily generate Microsoft Excel-based reports in Windows and Web applications
Essential DocIO	Easily generate Microsoft Word-based reports in Windows and Web applications
Essential PDF	Generate PDF-based reports in Windows and Web applications
Essential Report Viewer	The industry's first RDL report viewer in Silverlight and WPF
Essential Grouping	Advanced grouping and manipulation of data for reporting
Essential Calculate	Add calculation support to your business objects with more than 150 built-in formulas
Essential Spreadsheet	Edit Excel files without having Excel installed
Essential PDF Viewer	View PDF files without reliance on Adobe Acrobat
Essential Report Writer	Display reports defined in Microsoft's RDL format
Essential ProjIO	Read and write Microsoft Project XML format documents without utilizing Microsoft Project
Essential Report Designer	Quickly build the RDL reports you need with built-in support for charts, tables, Tablix, report parameters, and more

Essential Studio Business Intelligence Edition

Essential BI Grid	This interactive pivot grid is great for visualizing OLAP data from XMLA-compatible data sources like MS SQL and Mondrian
Essential BI Client	Includes a powerful UI for slice-and-dice business intelligence analysis
Essential BI Chart	Capable of representing business intelligence data as charts from any XMLA-compatible OLAP sources like MS SQL and Mondrian
Essential BI Gauge	Capable of representing business intelligence data in gauges from any XMLA-compatible OLAP sources like MS SQL and Mondrian
Essential BI PivotGrid	A powerful pivot grid that shapes your relational data in-memory to provide in-depth business intelligence
